I visited the College this evening as I was asked to inaugurate the Students' Club. After the function, I witnessed a Variety Entertainment in which a number of pleasant items were gone through. I was very much impressed with the performance of the Students and I congratulate them on their acting which was of high order.

I invoke the blessings of Sri Meenakshi on the College and the Students so that under the able guidence of its worthy Principal Dr. Mariakulandai and his staff, the College might grow from strength to strength developing high standards and creating great traditions for the benefit of the generations to come.
